LEADER of INDUCTION  
HEATING  
and MELTING

## Questionnaire

for the order of induction coreless melting electric furnace

Company name: \_\_\_\_\_

Contact person (name, position): \_\_\_\_\_

Contact phone, fax: \_\_\_\_\_

1. Metal for melting	
2. Overheating temperature, °C	
3. Size of the furnace charge, mm	
4. Necessary output, t/day (t/month)	
5. Size of the foundry max/min, kg	
6. Number of shifting per day (24 hour)	
7. Voltage of the mains, kV	
8. Necessity to control metal temperature	
9. Necessity to deliver spare inductor and water-cooled cables	
10. Necessity to deliver spare capacitors	
11. Necessity to deliver spare set of parts for thyristor frequency converter	
12. Mechanism of furnace tilt (hydraulic/mechanical)	
13. Necessity to deliver furnace cover (cover plate)	
14. Furnace tilt mechanism (hydraulic, mechanical)	
15. Other requirements
